After much anticipation, Savvy Entertainment has announced today that the 10th anniversary Bermuda Fashion Festival tickets are now live for purchase on www.ptix.bm. This year's festival will be filled with surprises including some new events as well as the Final Evolution. The Bermuda Fashion Festival will take place July 7 – 13, 2019.

THE FINAL EVOLUTION is the first to hit the runway on July 7th. The Evolution Retail show was the original sole show that began the week-long festival 10 years ago. This year's Final Evolution promises to be unlike any you've experienced before. Be dazzled as we combine spectacular retail presentations from stores island-wide with live entertainment, unique props and creative choreography.

THE BERMUDA ALL STAR SHOW is a new production designed especially for the 10th anniversary and will take place on July 9th. Featuring veteran Bermuda designers who will showcase their remarkable collections. Designers will include both fashion expert presentations as well as exciting industry hair show productions for the ultimate All-Star experience.

THE INTERNATIONAL DESIGNER SHOW is set to take place on July 11th. This runway presentation features a selection of hand-picked world-class designers from around the globe. Collections are designed for the Bermuda runway featuring local and international models.

THE BERMUDA DESIGNER SHOWCASE is one of the most anticipated shows of the year and will take place on July 12th. Witness the payoff of pure hard work after a four-month mentorship program which partners each selected Bermuda designer with an international industry professional. Industry professionals guide these Bermuda designers through the journey of the program and provide international resources and support. Watch as the magic unfolds and celebrate with these Bermuda Designers as they debut their final collections.
